HOW DID YOU GET TO GABRIOLA?

The Gabriola Museum's History Committee is collecting anecdotes and stories about how residents and visitors first discovered Gabriola and decided to move here, or to visit. We are regarding this project as a form of " Living History" and as possible fuel for future History Committees' projects. We will be grateful for your contribution.

Write as much as you like. If you don't have time now, please do so at your leisure. You may drop off your completed form in the box provided in the Library during Library hours. Include your name, and indicate how we may reach you, unless you prefer anonymity, which is also fine.

If this drop-off is not convenient, please phone our answering machine at (250) 247-9987 to make other arrangements for delivery or pick-up. Or email our website. Phone also if you prefer to tape your story or to talk with a History Committee member.

Thank you for helping the Museum History Committee.
